

## IDENTIFICATION - DATA : EXHAUST SYSTEM

### 1. Identification

#### 1.1. Manifold / catalytic converter

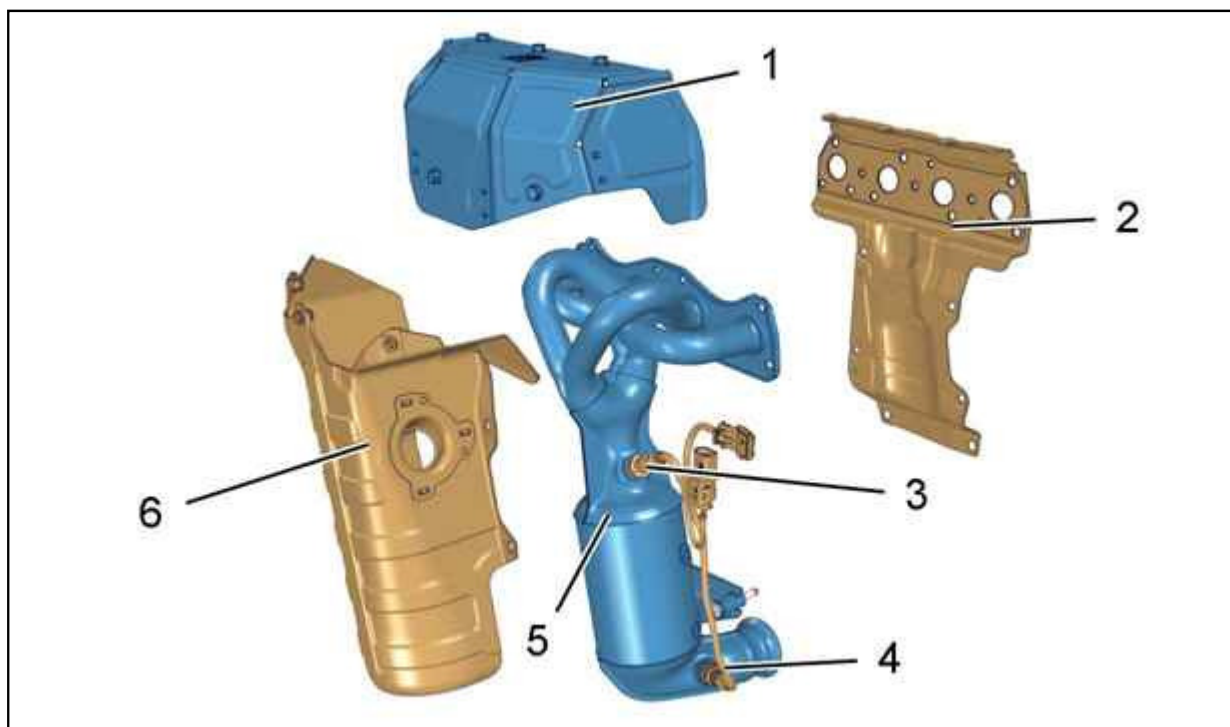

Figure : B1JM02FD

- (1)Upper manifold/catalytic converter heat shield .
- (2)Exhaust manifold/catalytic converter heat shield gasket .
- (3)Oxygen sensor upstream of the catalytic converter .
- (4)Catalytic converter downstream lambda sensor .
- (5)Manifold/Exhaust catalytic converter .
- (6)Heat shield in front of the manifold/catalytic converter .

#### 1.2. Exhaust system

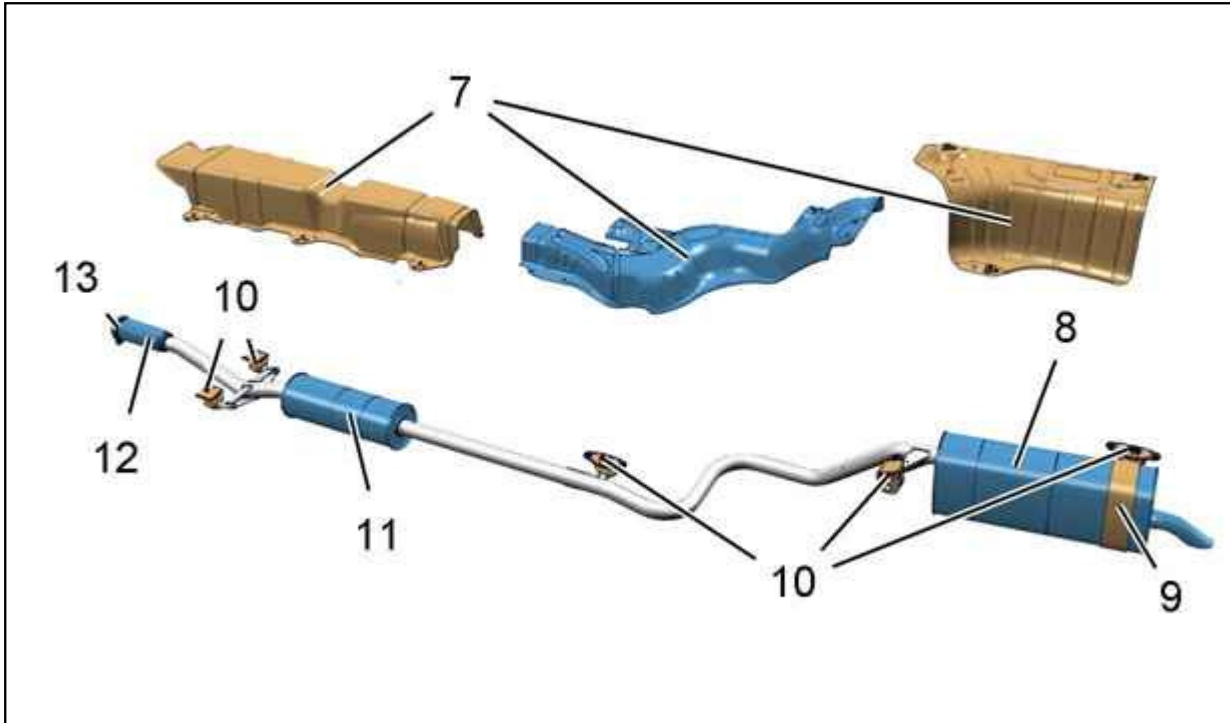

Figure : B1JM02GD

- (7) Thermal screens : Exhaust system.
- (8) Rear silencer.
- (9) Fixing clip for the exhaust silencer (Rear ).
- (10) Hangers : Exhaust system.
- (11) Intermediate silencer.
- (12) Flexible pipe.
- (13) Clamp fixing the exhaust system to the manifold/catalytic converter .

## 2. Data

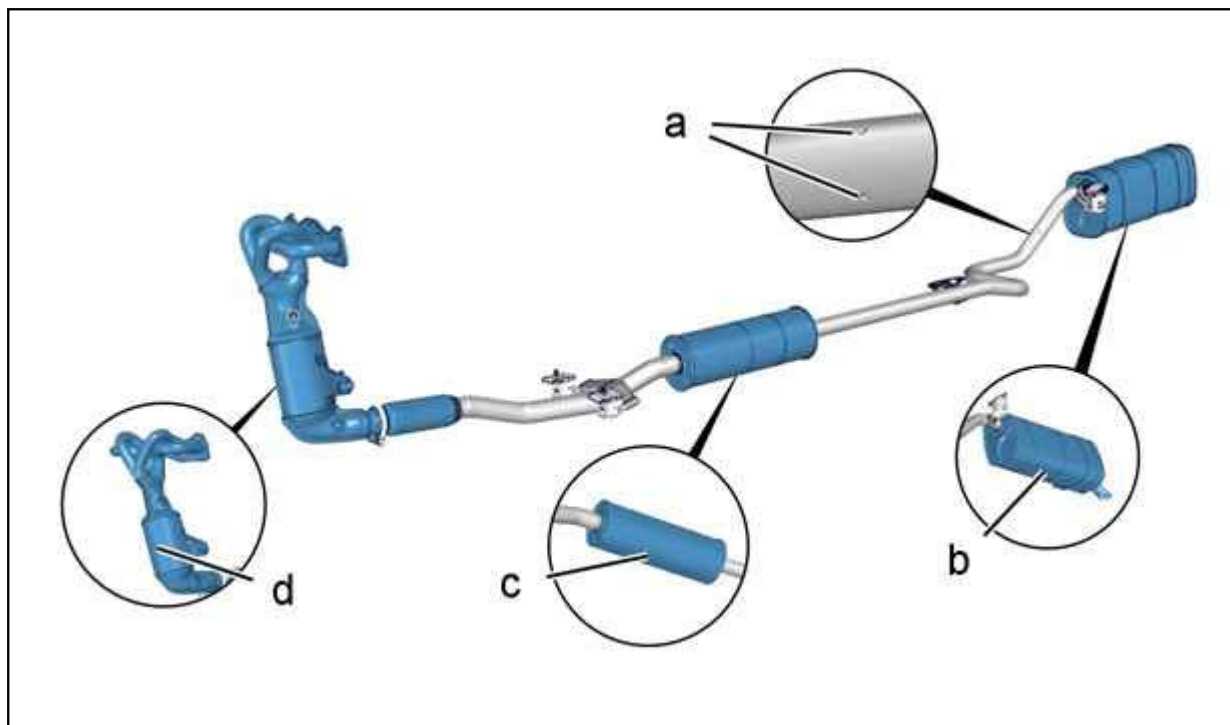

Figure : B1JM02HD

"a" Identification points for the exhaust system cutting area.

"b" Area of marking : Under the rear silencer.

"c" Area of marking : Under the intermediate silencer.

"d" Area of marking : catalytic converter.

Designation	Homologation number : PSA
<b>catalytic converter</b>	K 418
<b>Intermediate silencer</b>	4259
<b>Rear silencer</b>	4285
